CURRENT PROGRAM

Program Type: Decentralized

Enforcement Method: Registration Denial

Number of Test Stations: 2,100

Inspected Vehicles Per 2,500,000 (light duty) 140,000 (heavy duty)

Year:

I/M Contractor(s): Parsons

I/M Contract Expiration June 30, 2018

Testable Area: LDV: Southern Ontario

HDV Diesel: Province wide

Test Frequency: Biennial: Light Duty (under approx. 10,000 lb)
Annual: Heavy Duty (over approx. 10,000 lb)
Biennial testing incentive for HDDV that meet $\leq 20\%$ SAE J1667 opacity standard on previous test. LDV and HDV-Valid test required for resale.

Model Years Tested: Light duty vehicles 7 years old and older up to and including 1988 model year vehicles for permit renewal. One year and older up to and including 1988 model year vehicles for ownership transfer when there is no valid emissions test. Heavy duty vehicles: 7 years old and older for permit, one year and older for resale.

Type of Test Conducted: LDV (non diesel): Tailpipe (ASM and TSI), gas cap, visual fuel filter neck; (OBD in 2013)

LDV diesel-visible smoke (OBD in 2013)

HDV non-diesel: tailpipe (TSI HDV)

HDV diesel exhaust stack SAE J1667 opacity

OBS Test Pass/Fail Date: Jan 1, 2013-mandatory, 2012 phase in period.

Types of Vehicles Tested: All on road vehicles (LDV and HDV), except farm plated light duty vehicles, assembled LDV kit cars, and hybrid electric vehicles.

Hybrid Vehicle Testing: Exempt

Exempt Vehicles: LDV: 1987 and older. HDV: None. Historic, kit and light duty farm vehicles

Waiver Requirements: Vehicle serviced plus recommended add up to \$450 Canadian or

Test Fee/Funding/Other Requirements: more at accredited I/M repair facility
Light duty: Capped \$35 Canadian (\$39.55 Canadian tax included)
Heavy duty: Market driven average is \$100 Canadian plus tax.

Reciprocal Requirements: Self funding from inspection fees (\$11.67 Canadian per LDV pass or waiver and \$15.00 Canadian per HDV pass).
A current emissions inspection pass report from a Province/State with a government approved vehicle emissions inspection and maintenance program is one of the items that can be used when applying for a "Once Only Conditional Pass" for Ontario registered vehicles outside Ontario for more than 6 months, but less than one year. An Application Form (with options and requirements for vehicles temporarily outside the province) can be obtained from the Drive Clean Call Center (905-440-7482).

New Developments/Changes: Parsons Canada Ltd. To deliver services beginning July 1, 2011.
Test procedure changes to OBD, TSI, and J1667 on Jan 1, 2013.
